A Kenton correspondent of the Ohio State Journal writes that paper: "There is much complaint here concerning the action of the cluding Beethoven's Pathetique sonata, a Indiana, Bloomington and Western Railroad Company in taking off the train known as Liszt's great fantasie on Rigoletto, a nocturne the Columbus and Kenton accommodation. The company had doubtless good cause for its action, as during this severe winter it is a priccio Brilliante with 2nd piano accompanimatter of difficulty and danger to move trains | ment. The programme which was one bour at all. With the return of more settled and a half in length was played entirely from and pleasant weather, the missing train, which is important to Columbus as well as to Kenton, will no doubt be restored."

The platform of the Association contains The principle of authority is that the Lord Jesus Christ is the ruler of Nations; the one of law is that the Bible which is the will of this King is the standard to decide moral issues in national life. These two principles give the Association a which to discuss subjects of prohibition, the observance of the Sabbath, the integrity of the family as threatened by easy divorce and polygamy and the aims to educate the people in these principles and to bring bome such a conviction of their truth in the minds and hearts of the people that they will finally give them a place in the fundamental law of the Lord, the con-

stitution of the United States. Many of the leading religious thinkers the country have accepted these principles and become interested in the movement. Chief Justice Strong, ex Governor Pollock, and Felix R. Brano, have been its presidents. Drs. Hodge, Scovel, Edwards and McIlvain, of the Pre-byterian church; Bishops Simpson Scott and the Havens of the M. E. church: Bishops Bedell and Vail of the P. E. church Drs. Hellwig and Valentine, of the Lutheran church, and others too numerous to mention, have been, or are, among its officers. In fact, now is being pushed by several Secretaries, among the people of the country. This whole subject, with many of its details, will be discussed in the convention, which is to meet in the Central M. E. church, Dr. Leonard's, the 3d and 4th of March.

Chronic Catarrh.

W. Metlier, of 406 South Fourth Lanis, it twenty years of age. ad has been a sufferer from chronic strell, which had become quite offened. When he came to Dr. Hartman, two int is ago, he was told it would take six noutles to cure him. But he has pro reserI beyond all expectations, and nearly nil signs of the disease have disnot breathe out of the nose, and now he Part nadid the business.

James Dunn, of 1310 Gay street, St. Louis, has suffered from catarrh since The gentleman told the reporter he following straightforward story of its case. "I took the disease in Memthis. It commenced in my head and extended to my throat, and a bad cough followed. I went to a number of physicians, and they told me my trouble was liver disease, and one said it was palpitation of the heart that caused the cough, For the last year I have been practically worthless. I could not ascend a flight of stairs without suffering from shortness of breath and fast beating of the heart, and my appetite was very defective. eating I often coughed so hard that I would throw up everything in my stom-ach. I could not walk any distance without panting. Five weeks ago I went under the care of Dr. Hartman, and now my cough has disappeared and I feel like a new man." PERUNA was his treatment.

Next came George Sauerbaum, residing at 1929 Carr street, St. Louis, who is an old patient of Dr. Hartman. He stated that he had suffered most intensely from chronic catarrh of the head and lungs, but is now almost cured, his lungs being entirely well and his head greatly improved. The gratitude of this gentleman was almost boundless, and he expressed it to the reporter in the strongest terms, saying "PERUNA will cure any disease."

I. P. Dukehart, of Cumberland, Md., superintendent B. & O. R. R. Co 's Hotels (conductor on the Baltimore & Ohio Railroad for twenty-eight years, and previously a druggist), writes: "Dr. S. B. good sized audience gathered at Huston Hall in Dayton, last evening, to attend the piano recital of Miss Marie Miller, of this city. The program was exceedingly well selected, in-Mazurka, Ronda, and octurne by Chopin, by Dæhler, studies by Jensen and Henselt, and was concluded with Mendelssohn's Camemory by Miss Miller, a feat of musical memory which is remarkable in itself, and especially in view of the extraordinary technical difficulties of several of the compositions, Miss Miller's developement in the past few years has been very rapid, and her playing shows artistic feeling throughout. Her power is always adequate, and this quality was well shown in the brilliant Lisat tantasie. The most enjoyable numbers were the three movements of the Pathetique Sonata, the adagio being played with exquisite feeling throughout. The entire programme was admirably rendered. Mrs. Chidester Lukens masters the spirit of the theme in its plainest and fullest sense; adopts it, and then illustrates it with two principles, one or authority, the other of the truth that engages the sympathy of her listeners, whether the mood be grave or gay, the tone gentle and crisp.—Syracuse (N. Married.

Mr. Charles M. Brown, one of the oldest and best compositions on the GLOBE-REPUBLIC, and Miss Dors D. Pence, a well-known young lady of this city, were married -last evening by Rev. Wm. H. Warren, at the residence of the latter. The wedding was private, only a few of the most intimate friends of the contracting parties being present. After the ceremony the bride and groom received the hearty congratulations of those present. A happy and agreeable surprise awaited the young couple when they went to their future residence, Mr. Brown's tellow-workmen in the news-room, purchased a fine chamber-set as a wedding present, and while the cercanony was being performed, this was placed in Mr. Brown's room. The young couple begin wedded life with the warmest wishes of their many triends. As Charlie is a young man of considerable averdupoise, the bride may be said to have secured a "tat take."

We call her rendering of selections almost unequalled recitations, with very electrifying flashes of dramatic light and movement. The rendering of the Fisherman's daughter was touching and effective. The Charcoal Manby Trowbridge, gave us a fine exhibition of the imitative qualities of Mrs. Chidester-Lukens' voice as she ranged through the gamut of the possible tones of the charcoal vender to those of the street boy, and even down to the infant prattles in the cradle of the vender's nome.-Syracue (N. Mr. Wendell Pappert, one of the oldest esidents of this city, died yesterday afternoon shortly before four o'clock at his resiience, on Lagonda avenue, at the advanced age of 77 years, 3 months and 7 days, having been born November 18, 1807. The disease which brought about his death was lung fever. He caught a severe cold some weeks ago, but it was not until last Wednesday that he was compelled to take his bed. Mr. Pappert came to Springfield in 1837, and for many years estried on a dairy. The funeral services will be held Friday morning at nine e'clock at the German Catholic church, of which deceased was a member,

A man in Nova Scotia has been sent to prison for lying at a horse trade. Many physicians assert that the seeret of long life after three score years

The average duration of life among well-to-do people is forty-five years; among the middle class it is twentyfive years; among the laboring class twenty years. Among 103 people the wealthy would not number more than five, the middle class no more than fifteen, and the working class eighty.

J. S. Baldwin, of Newark, N. J., has conceived the startling idea of building an inverted railway. He proposes that the car wheels should be stationary and operated by stationary engines, while passengers and freight would be transported in long troughs, with a keel moving upon the wheels in a permanent shed extending the whole length of the line.

A Vermont farmer made a net profit of \$43.50 from the produce of a single hen turkey during the past season. This is equal to 100 bushels of wheat in Kansas, at 43 cents per bushel, with this difference: It would cost as much \$3 to \$5 each. A lady said: "When I was young girls began with a single rose. Now they carry bouquets of them, as as a half-bushel measure." And this is quite true. It is also true that these immense bouquets of roses are awfully xpensive, so much so that some young ladies announce they will not accept any flowers this season, out of compassion for the straitened purses of their admirers. The San Franciscans are very proud of what they term their Golden Gate Park of over a thousand acres. Of all the great parks of the world they assert that there is none so picturesque and none having so many resources for variety of arboriculture. Nearly all semi-tropical trees will thrive in it. BLACK BRO & CO. **RECEIVED TO-DAY**

A FULL LINE OF McKinstry Has to Say About It.

To the Public: I have been a fearful sufferer for fifteen years, most of the time with what has been called Eczema or Salt Rheum, Pseriasis and Lenra, and the like, and have always been told that there was no cure for me, and have been so discouraged that I had en awa die ar lise. I have been so basily afflicted sometimes that there was not the smallest spot from the crown of my head to the soles of my feet that w.s. not discased and as red as crimson. It would commence in small white spots, which had a sivery appearance, but were not deep, but If I attempted to heat them, or soon after their first appearance, they would burn and run together until there was a complete dry, red scale, which would become so inflamed as to crack and look fiery and angry, and the burning sensation would be almost intolerable. I was at times so lame that I could not scarcely get about, and could not dress aveself without assistance. I have tried many remedies and have paid \$100 in a single instance to a physician, but have ever obtained only temporary relief. Although helped for a time, I soon relapsed again to be as badly frombles as ever, and during the winter of 1881 and 1882 I suffered so much as to be entirely discouraged. Last June, however, I was advised by Elder and Mrs. L. C. McKinstry, who are well known in these regions, to try your Curroura. REMEDIES; and I felt somehow a little courage, from their favorable opinion of them, to try their virtue. About the second week of July last I commenced taking the remedies, and within six weeks I began to see a permanent improvement, until now—Oct. He Thanks His Paper.

Mr. Editor:—I was induced by reading your good paper to try Dr. Harter's Iron Tonic for debility, liver disorder, and scrotula, and three bottles have cured me. Accept my thanks. Jos. C. Boggs.—Ex.

Luck is very often but another name for pluck. The man who is continually grumbling over his hard luck has only himself to blame for lacking the energy to make good luck. WHITE SEAL BURNING OIL

The New York Board of Health estimates that 30,000 lives have been destroyed by the explosive qualities of petroleum. If every household would adopt the White Scal oil for family use, none of these unfortunate accidents would occur.

WHITE SEAL BURNING OIL has none of the defects usually found in common oils. It cannot be exploded, does not char the wick, will not smoke, emits no offensive odor, and

vents the breaking of chimneys. WHITE SEAL RURNING OIL is a rich oil for illuminating purposes. It is a light in color as pure spring water. It gives a strong, steady light, and burns much longer than

common oils.
